INITIATIVES IN SKILL DEVELOPMENT & **ENTREPRENEURSHIP**

n 2019, several initiatives were taken by Ministry of Skill Development and Entrepreneurship, with emphasis on convergence, increased scale, meeting aspiration and improved quality. The Ministry's vision statement has been "To create an ecosystem of empowerment by skilling on a large scale at speed with high standards and to promote a culture of innovation based entrepreneurship which can generate wealth and employment so as to ensure sustainable livelihoods for all citizens in the country."

The Ministry has strived towards this vision, by putting special emphasis in 2019 on Convergence, Increased Scale, Meeting Aspiration and Improved Quality.

Convergence

National Skill Development Mission (NSDM): Ministry of Skill Development & Entrepreneurship (MSDE) formed in 2014 to give a fillip and focus to the skill development and entrepreneurship efforts in the country. Because of the efforts under NSDM, more than one crore youth are being imparted skills training annually under various programs of the Central Government.

Skill India Portal: A strong IT Platform, namely Skill India portal launched to facilitate convergence of skill development related data of various central ministries, state governments, private training providers and

corporates on a single platform. This will now enable data-driven decision making by the policymakers and help remove information asymmetry in the skilling ecosystem. This will also be single touch point for the citizens of India to access skill development opportunities and seeking related services.

Increased Scale

Industrial Training Centres (ITIs): Expanded and modernized the existing long-term training eco-system in India. The total number of Industrial Training Centres (ITIs) increased by 12% from 11964 in 2014 to 14939 in 2018-19. The trainee enrolment has increased by 37% from 16.90 Lakh to 23.08 Lakh during the period.

Pradhan Mantri Kaushal Vikas Yojana (PMKVY): Under the program about 87 Lakhs youth have been trained till date. Under the placement linked program under PMKVY 2016-19, more than 54% have been linked to employment.

Pradhan Mantri Kaushal Kendra (PMKK): Out of the 812 allocated PMKKs, 681 centres had been established. The centres have been allotted a target to train over 18 lakh candidates under PMKVY scheme, out of which training has been imparted to 9,89,936 candidates, 8,85,822 assessed, 7,40,146 certified and 4,35,022 candidates have been placed successfully.

Recognition of Prior Learning: RPL program, under PMKVY 2016-19, was launched to recognize the prior skills acquired by individuals. Till date, more than 26 lakh people have been oriented under the RPL program of Pradhan Mantri Kaushal Vikas Yojana (PMKVY). Under the Best in Class Employer category of RPL, more than 11 lakh employees have been oriented into formal skilling with the assistance of companies.

RPL in Supreme Court: Under Recognition of Prior Learning Program (RPL) Training in Supreme Court, TATA Strive and Maruti Suzuki have completed training

Over the years information technology has evolved and expanded with few parallels. It has different departments or domains of which some are described as

Programming: Computer programmers have always been in demand and will remain so.They are engaged writing, testing and maintaining programmes

software. They also conceive, design and test logical structures for deploying computers in problem solving.

Application programmers write software to deal with a specific job or function. They may also be required to work on existing software packages for improving their usability and efficiency etc.

Systems programmers work on operating systems and may be given the responsibility of their maintenance and control.

There are various programming languages to be learnt by programmers.

Web design: We are now used to surfing various internet sites for knowledge, information and entertainment. A lot of hard work and creativity goes behind these websites. Web designers use their skills to integrate text, pictures and images to create an

one batch of cooks and drivers respectively of the Supreme Court. Training was spread over two days in which safety aspects, personal grooming, soft skills and few technical aspects were covered.

MoU with India Post Payments Bank: BFSI (Banking, Financial Services & Insurance) Sector Skill Council under MSDE has entered into an MoU with India Post Payments Bank to certify 1,70,000 Grameen Dak Sewaks under RPL Best in Class Employers. As on date, a total of 9,046 candidates have been certified under the same.

Centre Accreditation: Significant creation of short-term standardized skilling capacity through centre accreditation and affiliation portal - SMART. 11,977 Centres have been accredited and affiliated till date which has an annual training capacity of about 50 lakh per annum.

Skill Development in Jammu & Kashmir: A meeting was held between officials of MSDE, Govt. of J&K, and State Skill Development Mission (JKSSDM) to discuss ways to ensure 100% coverage of all the eligible beneficiaries from J&K and the steps to be undertaken thereby for this. Officials from various organisations including NSDC, DJSS and various Sector Skill Councils (SSCs) were also present in the meeting. To promote long term skilling, NSTI Jammu has been made operational. trainers are being trained to impart NSQF LEVEL-6 training.

Skill Development in Leh: For better outreach of the skill training to all parts of the country, a NSTI extension centre has been opened in Leh. Ministry is taking all possible steps to create a precision trained workforce in the nation.

SANKALP (Skills Acquisition and Knowledge Awareness for Livelihood Promotion): A regional workshop on SANKALP was held in Kohima, Nagaland on 3rd-4th September, 2019. Six States namely Nagaland, Madhya Pradesh, Karnataka, Jharkhand, Arunachal Pradesh and Sikkim participated in the workshop. Workshops with district officials and trainers were also held alongside the regional workshop. Apart from that, a workshop was also held in Delhi and Maharashtra under SANKALP. Further, a delegation visit to Seoul, Korea was undertaken which was organized by the World Bank and video conferences were held with States/ UTs for reviewing the status of State Incentive Grant (SIG) baseline and submission of State proposal under SANKALP.

STRIVE: The main focus of the scheme is to improve the performance of Industrial Training Institutes (it is). In the first phase, 314 ITIs have been selected and 198 Performance Based Grant Agreements have been signed. The scheme also works towards increasing capacities of state governments to support ITIs and Apprenticeship training. Till date, 31 States have signed MoU i.e. Performance Based Funding Agreement (PBFA). To improve teaching and learning techniques, National Skill Qualifications Framework (NSQF) trainings are being imparted to officers, principals and instructors across the 36 States and UTs.

International Collaboration: Minister of Skill Development and Entrepreneurship met counterparts working in skill development across countries like Singapore, UAE, Japan, Canada, Australia to further build capacity for skilled workforce in the country, jointly work on transnational standards and bridging demand for skilled workforce in these countries by collaborating with them and supplying them with trained professionals.

PM-YUVA Yojana (Pradhan Mantri Yuva Udyamita Vikas Abhiyan) is implementing a pilot project in 300 institutes (200 Industrial Training Institutes (ITIs)/ National Skill Training Institutes (NSTIs), 50 Polytechnics, 25 PMKKs/ PMKVY and 25 Jan Shikshan Sansthan (JSS)), across 12 States and Union Territories (Delhi, Uttar Pradesh, Tamil Nadu, Puducherry, Telangana, Kerala, West Bengal, Bihar, Assam, Meghalaya, Uttarakhand, Maharashtra). The project aims to promote entrepreneurship as an alternative career choice and enable sustained long-term mentoring

support through the journey to potential and early stage entrepreneurs, by imparting entrepreneurship education and mentoring support to trainees/ beneficiaries from skilling ecosystem. The pilot project is expected to reach out to around 70,000 youth through entrepreneurship awareness and education sessions. The project is likely to create 600 new and 1000 scale-up enterprises by March, 2020. The approved budget for the pilot project is Rs. 12 crores.

Collaboration with Reliance Jio: To strengthen the industry connect, DGT and MSDE have collaborated with Reliance Jio to set up training labs at 6 NSTIs for their home connect division. A job mela was organised at 6 locations. i.e. NSTI Chennai, Bengaluru, Mumbai, Hyderabad & Kolkata along with Govt, ITI Pusa New Delhi. 400 candidates have been selected for this training.

MoU with Cisco, Quest Alliance & Accenture: Employability skill Labs at 6 NSTIs have been set up under this partnership with the Directorate General of Training (DGT) of the Ministry of Skill Development and Entrepreneurship (MSDE) and Cisco, Quest Alliance & Accenture. Youth across India enrolled in industrial training institutes (ITIs) will be trained in digital literacy, career readiness, employability skills, and advanced technology skills such as data analytics.

Meeting Aspirations

Kaushalyacharya Awards: To recognize and appreciate the good works done by trainers, Kaushalacharya Awards 2019 ceremony was organized on 5th Sept 2019 to felicitate 53 trainers from different sectors for their exceptional contribution towards creating a future-ready and skilled workforce.

National Entrepreneurship Awards 2019: MSDE conferred NEA 2019 to 30 young entrepreneurs and 6 organizations/ individuals, building entrepreneurship eco-system in the country. The awards were presented to honor outstanding contributions in entrepreneurship development. The award included a trophy, a certificate and prize money up to Rs 10 lakh. This is in line with promoting entrepreneurship amongst the youth so as to create more job givers than job seekers in the nation.

Skill Saathi Counseling Program: MSDE also launched the Skill Saathi program which was aimed to sensitize the youth of the country on various avenues under Skill India Mission and increase the aspiration for skill development. Close to 40 lakh students were provided counseling under the program.

Policy action to offer vocational courses: Under this, the MSDE initiated a drive to create a policy action on offering vocational courses in schools and equal weightage to vocational courses for admission in UG courses. The Draft Credit Framework for vertical and horizontal mobility from vocational to general and viceversa has been developed. The framework is under finalization in consultation with Ministry of Human Resource Development (MHRD).

500 skills hubs in government schools: MSDE has also finalized a plan for setting up 500 skill hubs and labs in government schools. Working closely with CBSE to develop "Hubs of Excellence in Skills" for school students, MSDE will introduce high quality, technology-oriented skill programs to schools. Skill India currently engages with 9100+ schools and has integrated skills from 20 sectors. So far 7.5 lakh students have benefited from it. These initiatives are being planned in conjunction with States.

Embedded apprenticeship degree program: MSDE and MHRD have together rolled out the SHREYAS program where apprenticeship degree programs in retail, media and logistics are embedded into degree programs such as BA/BSc/BCom (professional) courses in the higher educational institutions. So far, the program has been included in 25 colleges with 643 students enrolled.

Catalyzing demand for formal skills by promoting apprenticeship through Apprenticeship Pakhwada: MSDE held an Apprenticeship Pakhwada which was celebrated across the nation where industries and State Governments committed training of 7 lakh apprentices in this current fiscal year, which if converted will almost double the number of apprentices trained over the last

amendment made to the Apprenticeship Act of 1961. MSDE is also promoting Third Party Aggregators (TPAs) who will be key catalysts for promoting apprenticeship training which is one of the most sustainable form of skill development.

India Institute of Skills (IIS): In order to bring a certain standard and stature in terms of quality and quantity to skills, MSDE recently announced setting up of the Indian Institute of Skills (IIS) in Mumbai which would match the stature and repute of IIMs and IITs of the country. This project is in partnership with the Tata Group, with over 4.5 acres of land provided by the Government. The Tata Group will invest around Rs. 300 crores and on completion, IIS will have a capacity of training 5,000 trainees every year.

MoU with SBI: MSDE has also signed a Memorandum of Understanding (MoU) with SBI for engagement of 5000 apprentices as banking front office executive and tele-callers in the current financial year 2019-20, as part of an initiative to launch partnerships for promotion of apprenticeship in the financial sector.

Skill Vouchers: MSDE is also developing a skill vouchers program for micro, small and medium enterprises (MSME), as a provision model to enhance the delivery and quality of the programs. Vouchers are expected to be provided to learners and entrepreneurs towards the training program they see most value in.

World Skills International Kazan 2019: The 22 winners of India Skills 2018 and their experts represented the country with their outstanding performance at the World Skills International 2019 (WSK), held in Kazan, Russia. India won one gold, one silver, two bronze and 15 Medallions of Excellence at the competition. India ranked 13th among 63 countries that participated at World Skills International 2019 ensuring the best finish for the country in the coveted skill championship. They were felicitated with certificates and cash prizes for their remarkable performance.

Improved Quality

Reforms to Apprenticeship Act of 1961: The ministry introduced a wide range of reforms to the Apprenticeship Act of 1961, to make it significantly easier for industry to take on much needed apprentices. The comprehensive reforms under Apprenticeship rules 1962 include:

- Increasing upper limit for engaging apprentices from 10% to 15%;
- Decreasing the size limit of an establishment with mandatory obligation to engage apprentices from 40 to 30;
- Payment of stipend for 1st year has been fixed rather than linking it to minimum wages;
- 10% to 15% hike in stipend for 2nd and 3rd year to apprentice;
- Duration of apprenticeship training for optional trade can be from 6 months to 36 months.

Dual System of Training: The MSDE is also scaling up the ITIs Dual System Training (DST) scheme to at least 1000 ITIs. The DST is a model of training inspired by the German method and provides industry exposure through industry led trainings to students of the various ITIs. In the first 100 days, 40 National Skill Training Institutes (NSTIs) have signed partnership agreements and as many as 739 MoUs have been signed. The duration of the practical training portion of the course has also been made flexible and adaptive to the industry schedule. All the 138 plus courses under CTS have been brought under the ambit of DST, as against only 17 courses earlier. ITIs are exclusively permitted to conduct training under DST with deemed affiliation in the 3rd shift

New Age Skills: In a bid to keep up with the times, MSDE has also launched new age courses in 12 NSTIs. These include Internet of Things - Smart Healthcare; Internet of Things - Smart cities; 3D printing; Drone pilots; Solar Technicians and Geo Informatics among many others.

Formation of District Skill Committees: In order to get to the grass roots of the country with its various reforms and empower every citizen, the ministry has

interface which is attractive and user friendly. Websites have to be developed as per client's requirements and updated as the need be. Web designers may also have to provide on line support in respect of the accessibility, navigation and display with regard to the web pages.

Data base specialists: Computers work with data. Data base specialists design, install, update, modify and maintain computer databases. Their job may include providing professional support for existing databases, customising these as per specific needs, ensuring smooth installation of new databases, programming databases for a variety of applications and providing training for use of databases.

Data base management/administration: Organizations using IT processes use/generate huge amount of data. This data has to be accurate and available as and when needed. Data base managers/administrators ensure this. This particular function requires database planning, requirement gathering, conceptual, logical and transaction design, physical design and implementation. Conversion of database in a particular format or migrating it from one place to other may also be needed at times.

Information security: The field of information security is besieged with various risks which are growing day by day. Information security is meant to minimise these risks. Experts from this domain have to develop a secure IT structure which can't be breached by scrupulous persons. Information security deals with creating firewalls, encryption, combating data breaches/instances of phishing/vishing etc.

Game development: As the term suggests game developers design and produce virtual games that can be played on screen. These games are more popular amongst children and teenagers. There are games to be played off line and on line (connected to internet). Both programming and designing skills are required in game development. The job involves long ours of work and patience and gives you an opportunity to create something which is enjoyed by millions of people all over the world.

Systems Analyst: Systems Analysts are also referred as systems developer and systems architect. Their job involves enabling computer technology to meet individual needs of an organization. They plan and develop new computer systems and devise ways to apply existing system's resources to new or additional operations. They also prepare work diagrams and structure charts for programmers to follow.

Software testing: Before a software is made open to use it has to be ensured that all the parameters are met and there is sustainability and smoothness in its functioning. For this a specialised discipline has been developed. Software testers make rigorous checking of the programmes and software developed and give critical inputs with regard to their functionality. These inputs have to be considered in all seriousness to ensure authenticity and credibility of the software as well as its developer.

Networking: Things like anywhere banking and reservation in any train at any station have been possible because of an integrated system in which computers at different places are networked with each other. If computers in a particular limited area (office/school etc.) are networked it's a local area network (LAN) and if it's beyond cities and countries it's wide area network (WAN). A network specialist attends to installation of required hardware and software that comprises the network, their accessibility to network server and troubleshooting.

IT is not limited to just above areas. There are a lot more. In many cases IT people are equipped to work in more than one domain. IT may be considered as specialization but there are super and narrow specializations as well.

Emerging areas in IT: In addition to the above those who like to work in IT, have opportunities to engage in emerging areas like Cloud computing, Internet of Things (IoT), Artificial Intelligence, Data Analytics, Blockchain Technology etc.; some of which have been covered in Employment News before.

Who recruits IT professionals?

Tata Consultancy Services, Infosys Technologies, WIPRO, Capgemini, HCL, Cognizant, Accenture, L&T Infotech, Tech Mahindra, Mphasis are amongst biggest IT companies in India and are also operating abroad. In many cases these companies go for campus selection for bulk of their manpower requirements. On their website many of them have kept a window of career opportunities and applications can be submitted through this link. There are also medium and small size players in this segment who need people of different IT expertise. Big IT companies also have an outsourcing model wherein they take the services of other companies. In such cases employment may be offered in third party roles.

Entry bars are considered to be higher for global companies such as Google, Facebook, LinkedIn etc.

E-commerce companies have expanded in the country like anything. Their entire system including ordering , delivery management is ITenabled and thus they need IT people in large numbers. Call centres also offer work opportunities.

Telecommunication comp-anies, computer hardware manufacturers, mobile handset manufacturers need IT people in different roles.

State and central (Including union territories) government departments have vacancies of IT people. Public sector oil, engineering and gas companies, private companies in these sectors and in consumer durables, universities, big hotels/hospitals need IT professionals.

In public sector banks one may join as specialist officer. Opportunities also exist at stock exchanges and in private banks, insurance companies, broking houses, non-banking financial companies etc.

Consultancy firms need experienced IT professionals from different domains to work for their clients on various projects that may relate to networking of offices/branches, strengthening cyber security or introducing HR information system etc.

If you're research oriented along with IITs/IIITs and other engineering institutes; organizations like Centre for Development of Advanced Computing (C-DAC), Institute for Development and Research in Banking Technology (IDRBT) can be considered. IT

giants like Microsoft, IBM also provide research opportunities.

IT offers all low, middle and high end work opportunities. As IT has many streams, be clear about your choices. And finally you shouldn't join IT bandwagon just for the opportunities it offers. Make sure that you've a matching aptitude for it.

Entry routes: Both high end ground level work opportunities are available in various fields of information technology. Even with a diploma course, IT jobs can be found. Depending upon individual situation which may cover aptitude for a particular field, urgency of having a job, financial capacity, people may decide their strategy. You'll find below various entry routes available for an IT career enthusiast.

If IT careers are being discussed, there has to be a mention of DOECC, established by Department of Information Technology, Government of India. DOECC grants accreditation to computer training institutes in non-formal sector, subject to their meeting defined norms and criteria to conduct specified level courses, ranging from 'O' level to 'C' level, as per description below:

'O' level-Equivalent to Foundation Level Course

'A' level- Equivalent to Advanced Diploma in Computer Applications

'B' level- Equivalent to MCA

'C' level- Equivalent to M.Tech. in Computer Science

Eligibility criteria and career avenues for each of the above is given below:

LEVEL	ELIGIBILITY	CAREER AVENUES
'O' level	10+2 or ITI certificate followed by	Assistant Programmer/EDP
	relevant experience in IT/2nd year of	Assistant/Web Designer/
	Polytechnic Engineering Diploma etc.	Faculty etc.
'A' level	Level 'O'/ Polytechnic Engineering Diploma/10+2 etc. with one year relevant experience	System Analyst/Database Administrator/Software Engineer/Network System Administrator/ Faculty etc.

More details can be had from DOECC website.

Diploma courses: Short and long term diploma courses from 3 months to a year, are available in Networking, Programming in Web designing & development, Java programming, Computerised financial accounting, SQL & MySQL, Software testing etc. available. All these course can be pursued after 10+2 and are conducted mostly by private institutions. For many other IT diploma courses admission is open to graduates and many universities/affiliated colleges etc. conduct such courses in addition to private bodies. If you're planning to study at a private institute, check its credentials, faculty quality ,fee structure, placement record/assistance etc. beforehand.

3 years Diploma Courses from Polytechnics in Computer Engineering / Information Technology-Entry requirement HSC/Matric.

Graduate courses can be taken up after HSC (10+2).IT related graduate courses come in different shapes such as

Bachelor of Science in Information Technology- B.Sc. (IT)

Bachelor of Computer Applications- BCA

Bachelor of Engineering/Technology-B.E/ B.Tech. in specified branches like Electronics/ Electronics & Telecommunication/Computer Science/Software Engineering/Information Technology.

Diploma and graduate engineers in mechanical engineering may also be considered for certain IT jobs.

Postgraduate Courses-MCA/M.Sc./M.Tech. in Information Technology disciplines can be also pursued after graduation. Duration is 2-3 years.

MBA with specialization in Information Technology is also offered at certain institutes. Recently new courses like MBA in Data Science/ Data Analytics/ Business Analytics have also come up.

Specific certifications are provided by certain businesses from that domain. Examples include Cisco Certified Network Associate/Professional, IBM Security/Cloud/Blockchain etc.

Where to study

To meet the demand for IT education both government and private sector have made valuable contribution. Depending on the course you want to take, you may seek admission at any of the following:

Government and private polytechnics for 3 year Diploma Courses

Indian Institute of Technology(IITs)/Indian Institute of Information Technology (IIITs)/National Institute of Technology(NITs)/Government and private Engineering colleges for undergraduate/postgraduate courses in engineering/BCA/MCA/M.Sc.(IT) and Diploma courses

MBA (IT) and similar courses are offered at few management institutes and some IIITs.

If you want to work in government/public sector, make sure that the course you choose is duly recognised by All India Council for Technical Education (AICTE), Department of Electronics (DOE) or UGC, as required.

DOECC accredited private institutes for courses in networking, animation etc. as described above, can also be taken.

formed District Skill Committees (DSC) in all Districts as part of its Aspirational Skilling Abhiyaan under the Sankalp program, which is funded by World Bank. The MSDE is handholding these District Skill Committees through the Directorate General of Training (DGT) to further identify skill gap at a local level and then strengthen the ecosystem for local market driven skill development opportunities.

Mahatma Gandhi National Fellowship (MGNF): MSDE has also constituted the Mahatma Gandhi National Fellowship (MNGF) for 75 districts across 6 states. Under these 75 young professionals shall be selected and will be deputed in identified 75 districts for supporting the district officials in district level planning, monitoring of activities related to skilling' management of data/information, coordination among different stakeholders in districts' assistance to District Skill Development Committee.

Indian Skill Development Services (ISDS): To ensure that the skilling of the country's youth gets the importance that it deserves, the government has carved out an altogether new administrative service much like the Indian Revenue Service or the Post and Telegraph Service. The Indian Skill Development Services (ISDS) has been created through a notification by the MSDE. This service has been created for the Training Directorate of the Ministry of Skill Development and Entrepreneurship. ISDS will be a Group 'A' service where induction will take place through Indian Engineering Service Examination, conducted by UPSC. The fresh batch of the newest central government services, the Indian Skill Development Services commenced their training program at the Administrative Training Institute (ATI), Mysuru on September 9, 2019. The Indian Skill Development Service (ISDS) has 263 All India posts. The cadre comprises of 3 posts at Senior Administrative Grade, 28 posts at Junior Administrative Grade, 120 posts at Senior Time Scale and 112 posts at Junior Time Scale.

Community mentors called Business Sakhis: Based on the learnings from various schemes and

introduced for women's programmes entrepreneurship promotion, in 2018, NIESBUD in association with UNDP, NIRDPR and TISS jointly developed a new concept and system that is providing mentorship support services of both psycho-social and business supports through a cadre of community mentors called Business Sakhis (Biz-Sakhis). The curriculum was released on 9th Nov, 2019 on the occasion of NEA ceremony. These mentors will provide backward (with financial institutions for example) and forward (with more lucrative business ideas and market) linkages. Moreover, the mentor will provide the aspiring entrepreneur with the much-needed psychological support that a woman will need to face all the obstacles that prevent her from starting or sustaining her own business. They act as community-based business consultants for enterprise development.

Train the trainer (TOT) programme: The curriculum for five-day TOT programmes for the faculty of ITI was developed and the Trainers Training programmes on employability, entrepreneurship and life skills are designed and organized for 4068 trainers of PMKVY at pan-India Level. The institute has organized the Entrepreneur-ship Development programmes for the most-needy skilled unemployed youth from OBC/SC/ST/Manual Scavengers and women.

MIS portal for Jan Shikshan Sansthan: An MIS portal was launched for Jan Shikshan Sansthans (JSS). The benefits from the adoption and implementation of the solution have been enhanced monitoring & management capabilities, along with scaling up scheme operation. The ministry now plans create a JSS setup in every district in the country.

eSkill India platform: In a technology driven environment, e-learning is pivotal in deepening the reach of skilling opportunities for the Indian youth. NSDC created an e-Skill India, a multilingual elearning aggregator portal, providing e-skilling opportunities to the Indian youth. eSkill India leverages the skilling opportunities from Indian and global leaders in online learning, by consolidating

online courses curated by leading knowledge organizations that share NSDC's commitment of making India a Skill Capital of the World. eSkill India provides anytime, anywhere skilling -beyond the boundaries of location and time. Today, eSkill India has onboarded organizations such as TCS, BetterU, IBM, SAS, BSE, Apollo Medvarsity, Enguru, Amrita Technologies, iPrimed, Wadhwani Foundation, English Edge, Fair and Lovely, AIFMB, etc. offering high-quality courses in diverse sectors such as Agriculture, Healthcare, Telecom, Employability, Management, Retail, Pharma, Banking and Finance, Data Science, Artificial Intelligence, etc. which enable a one stop shop to the skill seekers via a single learning platform. The courses are available in English, Hindi and 9 regional languages. The learners are guided through self-paced interactive videos and guizzes.

The Ministry of Skill Development and Entrepreneurship is responsible for co-ordination of all skill development efforts across the country, removal of disconnect between demand and supply of skilled manpower, building the vocational and technical training framework, skill up-gradation, building of new skills, and innovative thinking not only for existing jobs but also jobs that are to be created. The ministry aims to skill on a large scale with speed and high standards in order to achieve its vision of a 'Skilled India.'

HRD Minister Ramesh Pokhriyal 'Nishank' condoled his demise. He said that Vimal's death is an irreparable loss to the world of literature and a personal loss for him. Born in 1939 in Uttarkashi, Vimal wrote more than a dozen poetry collections, short story collections and novels.

■ The MiG-27, which proved to be an ace attacker during the 1999 Kargil War roared through the skies for one last time on 27 December 2019 after serving the Indian Air Force for over three decades. The swing-wing fighter was the backbone

of ground-attack fleet of the Air Force for several decades and the IAF bid adieu to its squadron of seven aircraft from Jodhpur Air Base. Defence Ministry said, the upgraded variant of this last swingwing fleet has been the pride of IAF strike fleet since 2006. All other variants, such as MiG-23 BN and MiG-23 MF and the pure MiG-27 have

already retired from IAF. It said, the fleet earned its glory in the historic Kargil conflict when it delivered rockets and bombs with accuracy on enemy positions earning the moniker 'Bahadur' from IAF pilots. The fleet also took active part in Operation Parakram.

ECONOMY

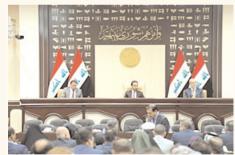

- In spite of a decline in the GDP growth rate, Foreign Portfolio Investors (FPIs) seem to have flocked to the Indian capital market in a big way in 2019 with a net inflow of over 1.3 lakh crore rupees, including 97,250 crore rupees in equities, the highest in last six years. As the year draws to a close, the debt market has seen a net inflow of nearly 27,000 crore rupees by FPIs, while a further amount of 9,000 crore rupees found its way to the hybrid instruments, shows the capital market data compiled by depositories. Experts believe the positive trend may continue in 2020 as well, but downside risks might arise in the form of the US-China trade war and any further deterioration in the domestic credit market conditions.
- Asian Development Bank, ADB and Government of India have signed a 490 million dollars loan for public-private partnership, PPP project to upgrade about one thousand six hundred kilometres of state highways and major district roads from single-lane to two-lane widths in Madhya Pradesh. An additional 286 million dollars investment will be

mobilised through private sector participation under the PPP modality. The state highways and major district roads provide a crucial link between rural roads and national highways and up-gradation of these roads under the project will improve rural and peri-urban connectivity in the states and improve access to markets and better services.

INTERNATIONAL

- Saudi Arabia and Kuwait have ended a nearly five-year-long dispute over shared oil fields and have agreed to resume oil production from the divided Neutral Zone, but stressed this would not change their OPEC commitments to crude oil production cuts. Local media reported that about 300,000 barrels per day were being pumped from the area before the dispute halted production in early 2015. The divided zone, located between the two neighbouring countries' land borders, can produce up to half-a-million barrels per day.
- Iraq's parliament has approved a new election law aimed at giving political independents a better chance of winning seats in parliament. The new law changes each of the country's 18 provinces into several electoral districts, with one legislator elected per 100,000 people. It also prevents parties from running on unified lists, which in the

past have helped them easily sweep all the seats in a specific province. Instead, seats will go to whoever gets the most votes in the electoral districts. Drafting a new election law has been a key demand for the hundreds of thousands of protesters who have taken to the streets in Baghdad and the predominantly Shiite south since October 1. They have already forced Prime Minister Adil Abdul-Mahdi to resign late last month. Iraqi security forces have responded with lethal force, killing at least 400 people. Iraq's 329-member parliament was elected in May 2018. The vote is held every four years, but the protesters have been demanding early elections.

■ Global watchdog for terror financing, FATF has sought more clarifications and data from Pakistan on actions taken against madrassas belonging to proscribed outfits. This follows after Islamabad submitted a report to it detailing steps taken by the government to curb terrorism and money laundering. The Paris-based FATF, which kept Pakistan on the Grey List for an extended period till February 2020, had warned in October that Islamabad would be put on the Black List with Iran and North Korea, if it did not comply with the remaining 22 points in a list of 27 questions. Pakistan submitted a report comprising answers to 22 questions to the FATF on December 6. In response to the report, the FATF's Joint Group has sent 150 questions to Pakistan, seeking some clarifications, and most importantly actions taken against the madrassas belonging to the proscribed outfits.

SPORTS

■ Indian weightlifter Rakhi Halder with creating two new national records clinched a bronze medal in the women's 64kg weight category at the Qatar International Cup in Doha. The Commonwealth Championship gold medalist superseded the senior national record in both snatch and total lift with her personal best effort of 218kg 95kg in the snatch with 123

kg in clean and jerk. At the Commonwealth Championship in June, Halder had clinched the gold with a combined effort of 214kg including 94kg and 120kg in clean and jerk. India ended the Olympic qualifying silver level event with three medals. The points from this tournament will come in handy when the final rankings for 2020 Tokyo Olympics cut are done. To qualify for Tokyo Games, a weightlifter must compete in at least one event in each of the three periods of six months spread over November 2018 to April 2020, at least six events overall and in at least one gold and one silver-level event.
