1st Alumni Get-together of Diploma - December 2018.

1st Alumni get together of Diploma batch 2017 & 2018 was organized at R.I.T., Rajaramnagar on 22nd December 2018 under guidance of Hon. Director Dr. Mrs. S. S. Kulkarni. Prof. Dr. H. S. Jadhav (Dean Diploma), Prof. Dr. S. M. Sawant (Dean Student Development), Prof. Dr. S. S. Gawade (Chief Alumni Officer), Prof. Dr. Y. M. Patil (Secretary, Alumni Association) graced this gathering. Program started with the welcome of all alumni and faculty members.

The guests were welcomed by presenting them bouquets & inaugurated the function by 'watering the plant'. Inauguration was followed by address of Prof. Dr. S. M. Sawant. He highlighted the growth of RIT Alumni Association, how it has played a vital role in the development of the institute & how the alumni of RIT have been successfully placed at higher positions in the society. He appealed the alumni to voluntarily contribute for the further development of the institute.

Prof. Dr. H. S. Jadhav, then addressed alumni by highlighting the development of the Diploma from 2014, recent achievements of Diploma through different rankings by MSBTE, magazines and various agencies. He also discussed about Alumni Gratitude Fund. At the end of address, Prof. Dr. H. S. Jadhav appealed to the alumni to help the institute in any possible way to further raise the brand image of RIT in the society.

Then the forum was kept open for alumni members, Mr. Vikrant Mulik, Maintenance Engineer, KBL, Pune shared how he learnt a lot of lifelong learning skills such as leadership, team work, hard work & other skills from RIT. Next alumnus Ms. Aarati Mahadik, Design Engineer, Cummins Megasite, Phaltan spoke about industrial revolution and needs. Forum followed by Ms. Shweta S. Patil, (Civil), Entrepreneur spoke about how much opportunities are available to become a successful entrepreneur.

The vote of thanks was proposed by Mr. S. H. Patil, Alumni Coordinator, Diploma.

Department of Electrical Engineering

Mr. Uday Patil and Mr. Indrajit Pharne interacted with final year B. Tech student on 29th November, 2018. Mr. Uday Patil and Mr. Indrajit Pharne also helped department in Oral Exam for academic year 2018-19. They are working as Assistant Professor in Electrical Department of Sanjay Ghodawat Group of Institutions.

Power system is import domain in Electrical Engineering. There are lot of opportunities available Power system. So considering this a short meeting was organized for staff to brainstorm on curriculum design for future power system. It was headed by HOD, Dr. V. N. Kalkhambkar and alumni Kiran D. Narale of Electrical Department of batch 2017-2011. The

meeting was arranged on 15th December, 2018, He is now working as an Assistant Engineer at Maharashtra State Electricity Distribution Company Limited. He has given Rs. 5000 sponsorships for Hackathon, a Technical Event to be held in March, 2019.

Tata Consultancy Services Limited (TCS) is an Indian multinational information technology (IT) service, consulting company. It is part of the Tata Group and operates in 46 countries. TCS is one of the largest Indian companies by market capitalization. TCS is now placed among the most valuable IT services brands worldwide. Every year TCS visits RIT for campus placement. So to get an insight into off campus selection process of TCS also a short meeting

was organized with alumni Shruti S. Thanekar on 31st December, 2018. Shruti S. Thanekar is alumni of Electrical Department of batch 2014-2018. She is now working as Graduate Engineering Trainee in TCS.

Five-days Training Program on Implementation of Advanced Optimization Techniques using MATLAB organized by Department of Electrical Engineering, during 22nd December, 2018 to 26th December, 2018.

Most of engineering decisions are based on selection of best possible solution when there are several objectives to be achieved considering constraints. Such problems can be formulated and solved by optimization techniques. Looking at this, five-day training program on, Implementation of Advanced Optimization Techniques using MATLAB was organized by Department of Electrical Engineering, during 22nd to 26th December, 2018 to help researchers to understand different optimization methods and their applications in engineering. The objectives of this training programme were, participants should be able to formulate objective function for research problem to be solved along with constraints, implement suitable evolutionary optimization technique to solve optimization problem identified and develop codes using MATLAB for single or multi-objective optimization problem defined for identified research problem.

The resource persons for this programme were Dr. H. T. Jadhav and Prof. P. D. Bamane. This training programme was coordinated by Dr. H. T. Jadhav and Prof. P. D. Bamane under the guidance of Dr. V. N. Kalkhambkar, HOD Electrical Department, and Hon. Director, Dr. S. S. Kulkarni.

Alumni interaction by Mr. Nikhil Patil for Final year B. Tech. students on 13th July, 2018.

Graduate Aptitude Test in Engineering (GATE) is an examination conducted jointly by the Indian Institute of Science (IISc), Bangalore and the seven Indian Institutes of Technology on behalf of the National Coordination Board (NCB)-GATE, Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India. Qualifying in GATE is a mandatory requirement

for seeking admission and financial assistance to Master's programs and direct Doctoral programs in Engineering and Doctoral programs in relevant branches of Science, in the institutions supported by the MHRD and other Government agencies. So to aware students about the GATE exam guest lectures of two alumni namely Nikhil Patil and Ravikiran Lengare were arranged in Electrical Department for final year and third year B. Tech. students on 13th July 2018 and 14th July 2018 respectively. Ravikiran Lengare and Nikhil Patil are the alumni's of Electrical Department of batch 2013-2017. Ravikiran Lengare is pursuing his M. Tech. at IIT, Bombay and Nikhil Patil is pursuing his M.S. degree at IIT, Guwahati.

Alumni interaction by Mr. Omkar Deshmukh for Final Year B. Tech. students on 23rd August, 2018.

Bharat Petroleum Corporation Limited (BPCL) is a Government of India controlled Maharatna oil and gas company. The corporation operates two large refineries of the country located in Mumbai and Kochi. So to know the environment of the companies like BPCL and to get information related to public sector utilities in India a guest lecture of our alumni batch 2013-18. Omkar Deshmukh was

arranged for second year, third year and final year B. Tech Students on 23rd August, 2018. Mr. Omkar Deshmukh is Alumni of Electrical Department of batch 2013-2018. He is now working in BPCL Kochin Refineries. He also shared the opportunities for well qualified students having sports background.
